Nominal Hours: 80 hours face to face

Thank you for your interest in enrolling with us to complete the above training course.

Course Description

This course is designed to provide the skills and knowledge required to apply applicable safeworking rules and regulations to rail functions carried out on rail networks.

It includes correctly using communications protocols; interpreting and responding to radio, hand signal and light commands; interpreting and following relevant safeworking rules and protocols; and taking appropriate action in safety incidents, unsafe situations or emergencies.

The unit delivered in this program are:

TLIF3058 Apply safeworking rules and regulations to rail functions

No licensing, legislative or certification requirements apply to this course at the time of publication.

How much does it cost?

The course costs \$2000 per person.

How long does it take?

This course is conducted over ten days from 8.00 am to 4.00 pm

Will I need to undertake Work Placement?

Yes. Once you complete the face to face hours you are then required to complete a logbook that will gather your experience on the job. You will be required to have your supervisor sign off on the logbook as you complete each area. The logbook will take you approximately 40 hours to complete.

Language, Literacy and Numeracy

Where a student is deemed, either prior to enrolment or throughout the training program, to possess a lower level of language, literacy or numeracy than is the minimum requirement for the requirements of the course, Go-Train Industry Pty Ltd will provide appropriate advice and support to the student regarding further learning options. At times, further language or literacy development or remedial assistance may be required to be completed prior to the continuation or completion of the student's course of study. The cost of this further LLN development or remedial assistance would need to be covered by the student.

What will you get when you complete?

For any units that you successfully complete during the course you will receive a nationally recognised Statement of Attainment from the Transport & Logistics Industry Training Package and a Certificate of Achievement for NSW Safeworking.
